

Cost Saver Plan Option

The Cost Saver health plan is for employers who want to provide benefits to their employees, but can't afford it.

This is a unique, low-cost group health plan for employers who are priced out of the cost of traditional major medical coverage.

A level-funded Funding Advantage plan, Cost Saver provides office visit and rich outpatient benefits plus fixed cash payments for surgery and hospitalization. A level-funded plan lets you participate and receive money back when your group has a healthy plan year.

The plan uses the PHCS and First Health PPO networks that are contracted specifically for this plan, so you always receive valuable PPO discounts for services.

Worried whether or not your group qualifies for coverage? There is no medical underwriting for group sizes from two or more. You can't be turned down because of health concerns.

Cost Saver is an easy way for you to start a benefit plan, or retain one, for your employees in the face of ever increasing costs.
