You Have the Freedom Essentials Plan
You get the major medical coverage and support you need

Freedom Essentials is different from a lot of plans because you can see any provider you want and still get a discount. You also can talk to an Allied HealthCare Assistant to get advice and access to the best providers at a low cost.

You’ll never be penalized for seeing an out-of-network provider because there is NO network! You can see any provider who accepts Medicare reimbursement “plus” as payment in full for your health services. The levels of reimbursement are shown on your health plan ID card.

Please note that you will NOT be responsible for balance billing from providers who do not accept the reimbursement as full compensation. Freedom Plan members have the support of Allied’s Elite Experience Team to help you navigate your Reference-Based Pricing health plan. Check the back of this flyer to learn more about Reference-Based Pricing and about the procedure for alerting Allied if you do receive a balance bill.

Each Freedom Essentials Plan features the concierge-level benefit, HealthChoices. HealthChoices puts members in touch with an Allied HealthCare Assistant who will help members get to the right diagnosis, the right treatment plan and the right provider for an optimal medical outcome. Not only will you receive expert guidance, but you’ll also receive a deep discount when you use HealthChoices services.

Q. Can I really see any provider I choose — even if that provider isn’t a part of a PPO network?
A. YES! The Freedom Essentials Plan allows you to see the provider YOU choose. There are no preferred providers or networks required. There are no penalties or reduced benefits for seeing the “wrong” provider.

The Elite Experience Team can help you if a new provider doesn’t recognize your non-PPO Freedom health plan, which allows you to see any provider without penalty. The Elite Experience Team will work with the provider to explain the benefits and all aspects of the health plan.

Q. Will I still receive the value of PPO-like prices?
A. Yes! The Freedom Essentials Plan pays providers based on a percent above the Medicare allowed price for your medical services. This is called Reference-Based Pricing and it is set at a level that is acceptable for most providers while providing you with excellent discounts.

Q. What happens if I get a balance bill from my provider?
A. Freedom Essentials Plan members are responsible only for copays, deductibles and coinsurance as shown in the Explanation of Benefits. Members are not responsible for any balance billing from providers who might not accept the reimbursement levels of the plans.

The Elite Experience Team can help you if you receive a balance bill from a provider. The team will work with providers to make sure you only pay your copays, deductibles and coinsurance.
