Courtesy of your Funding Advantage Plan, you and your employees now have access to SavePlus, a new program powered by your pharmacy benefit manager (PBM), Liviniti.

SavePlus is automatically integrated into your existing pharmacy benefit, using advanced technology to constantly search for the lowest medication prices available in the market.

This automated search happens within seconds, behind the scenes, and returns the best price found for the drug when your prescription is submitted to your pharmacy, to ensure you always get the lowest possible price for your medications, without any extra effort on your part!

Make the most of your pharmacy benefits with Liviniti's SavePlus solution and start saving on your prescription medications today! **Call Client Services at 800-825-7531** if you have questions or check out the flyer above right.

Stay Healthy & Happy This Holiday Season With Telehealth!

The holiday season is a time for joy, but sometimes it brings along a few unwanted guests like colds, the flu or other pesky germs. Don't let illness put a damper on your festivities —remember that you and your employees who have the Funding Advantage Plan have **24/7 access to telehealth doctors**, even on Christmas Day!

You're welcome to use any telehealth provider, and to get reimbursed for your visit, just send the following information to clientservices@alliednational.com:

- A receipt or invoice showing the telehealth service and the amount paid.
- The full name of the person who received the service (as listed on the receipt).
- The Member ID of the person who received the service.
- The date of the telehealth visit.

Reimbursement is subject to your Funding Advantage plan benefits, and for HSA plans, it may apply to your deductible.

For more details, click the button below or contact Allied Client Services at **800-825-7531**. Stay well and enjoy the season!
