

# Allied National

Simplified  
Underwriting  
for groups with  
12+ enrolling  
employees.

Get fast,  
***firm rates***  
by submitting  
only a census!

## ***HOW DOES IT WORK?***

To obtain a firm rate, basic employer and benefit information is required along with a census that includes the following for each covered individual (employees and dependents):

- First and last name (preferably split)
- Gender
- DOB
- Residence zip code
- Coverage tier
- Relationship

Based on the census information received, we will review the health risk profile of the group, which allows us the ability to provide a fast decision with firm rates.

After firm rates are provided, all employees must then complete the new 12+ enrollment application. This disclosure form only asks about high cost/risk conditions. This will not change offered rates, however, will determine the final eligibility for the group.

## ***WHAT'S NEXT?***

1. Complete 12+ Enrollment Forms (unless Allied National applications already received).
2. Complete Plan Sponsor (Employer) Statement.
3. Finalize the desired plan benefit design(s).

***Contact your authorized Allied representative for more information.***
