

Give Your Clients More Choices with Freedom Hybrid

Looking for a health plan that offers flexibility, affordability, and strong member support? **Freedom Hybrid** delivers the best of both worlds by combining a PPO physician network with the savings power of reference-based pricing.

Why Clients Love Freedom Hybrid

- **More Freedom:** Members can see PPO or non-PPO physicians without penalty and receive care at any health care facility.
- **Hybrid Network Advantage:** Combines Practitioner & Ancillary Network access with reference-based pricing to help manage costs.
- **Balance Billing Protection:** Members are only responsible for copays, deductibles, and coinsurance. Allied helps resolve excess billing concerns on their behalf. [Click here](#) for more information.
- **HSA Freedom Hybrid Option:** Freedom Hybrid is also available as an HSA eligible option.
